THAT cool wave that was sighted last week in Dakota seems to have lost its way, at least if it was en route to the sunny South.

ACCORDING to the Middlesborough (Ky.) "News," the engine that pulled the train bearing the remains of President Garfield has been standing on a side track in that city for six years. It has been used as a pumping engine. It has now been sent to Louisville for repairs.

Now that there is no fusion possible, it is the duty of the Republicans to put forward their strongest man for the position of Clerk of the Court of Appeals. It is now believed that the Hon. J. G. Bailey, of Magoffin county, who was one of the brightest members of the last House of Representatives, is certain to be the Republican nominee. Mr. Bailey will have the influence of all the members of the State Central Committee and nearly all the members of the legislature in their respective counties. He is a fine speaker and will stir up the whole state. He has a thoroughly easy flow of language, is a remarkably educated and a ready debater, though a very young man, being only 27 or 28.

### NO FUSION.

The result of the meeting of the committee appointed by the Republican State Committee to confer with the National Democratic leaders as to the advisability and possibility of effecting a fusion on the Clerk of Court of Appeals race this fall indicates that fusion is impracticable and perhaps inadvisable in that race. The one object of all sound money men, of whatever political faith, should be to defeat the free silverites this fall in this state. Aspiring silver politicians and certain sound money Democratic papers, or at least certain ones who lead that way, but who have to depend upon a free silver constituency for support, are enthusiastically urging all Democrats to unite this fall, upon the plea that the race has no political significance, and as Sam Shackleford is a good man, he ought to be elected. It is just the time, however, in off years like this, to preserve and strengthen our party organizations and to show to the enemy that we are just as vigilant as they. That is the reason why the Sound Money Democracy of this state is not willing to fuse. They propose to fight within

their own lines; to preserve their party organizations for use in future conflicts, for the free silver fight this fall, as hot as it may be, is perhaps but a skirmish to the real battle that may take place next year when another congress is chosen. The Sound Money Democrats are good tacticians. They appreciate the strength of their position and they propose to lose no ground by any temporary change in the plan of campaign.

### A FRIEND

To the Miners Has Been Hon. M. A. Hanna.

Official of the Miners' Association talks plainly--Should Silence Stand.

The "Register" this morning has the following "head" over a telegram:

### HANNA'S MEN.

Tired of Waiting for Prosperity, Join the Strikers.

A careful reading of the telegram, however, fails to show that Hanna's men have struck, the facts being that the telegram contains conflicting reports. But it suits the "Register" to slander Mr. Hanna as much as possible, hence their conclusions as to the strike. Should, however, the miners have joined the strikers, it has been purely through sympathy, not because they are tired of waiting for prosperity.

We publish below a statement from William Yerler, secretary of the United Mine Workers of the Pittsburgh district, concerning the treatment of miners by Senator Mark Hanna. He says:

"All these stories published about the attitude of Mark A. Hanna on labor are false. Every time you see the names of myself or Patrick Dolan, president of the district, coupled with these stories, it is done without knowledge. I have denied them repeatedly, but what can I do to stop their circulation?

"The true story of Mr. Hanna's attitude to the workman and toward union labor, as far as his mining interests in West Pennsylvania are concerned, is that he is the best man in the whole district to work for.

"I do not know Senator Hanna, never saw him in my life. Mr. Dolan and myself voted the free silver ticket last fall and will do so again if we get a chance. We have no interest in Mr. Hanna's candidacy for United States Senator in Ohio, but the fact stands about him.

"Mr. Hanna, never to my knowledge, took an active interest in the mines here. His general manager, Thomas E. Young, however, has done more than any other one man to bring about a better condition of the miners. He has worked night and day in conferences, committees, plead with operators, walked over the entire district, spent his own money and has been a veritable slave trying to do some good, neglecting his own business, and now his employer is rewarded with abuse and lies after having lost thousands of dollars in seeking to maintain the mining prices.

"I have written the miners in Ohio that such things are disgraceful, I have advised them to defeat Mr. Hanna on a straight silver issue if possible, but if they want a friend to miners every miner in the United States should be for him.

"The work done by Mr. Young and the Pan Handle Coal Company, in which Mr. Hanna is a stockholder, and Daniel Hanna, his son, is manager, does not date from the time Mr. Hanna entered actively into politics. Long before he was thought of in this connection he took the stand to pay the highest wages in the district. If Mr. Hanna has done this for political effect, it has cost him several fortunes. I don't believe this, however.

"Today he is paying the highest price paid in the Pittsburg district. He has a contract with his men whereby he cannot reduce the price, even if he desires it, while all his competitors are paying their men 6 cents per ton less. Not only that, he is fair in his dealings with his workers and nine-tenths of the operators and this is one of the greatest boons to suffering miners, who invariably are robbed of most of their earnings.

"While I cannot conscientiously support Mr. Hanna in his political views, yet nothing would give me greater pleasure than to dislodge the minds of the people of Ohio that Senator Mark Hanna is tyrannical, mean, or pays his workers less than his competitors. If there were a greater number of Mark Hannas there would be less destitution and complaint among the coal miners."

## CITY COUNCIL.

The Sewerage Contract Let Last Evening.

### OVERSEER FRANCIS FIRED.

Last Night's Session Was Somewhat Short--Four Members Absent.

### PROCEEDINGS OF THE MEETING.

To the Miners Has Been Hon. M. A. Hanna.

Official of the Miners' Association talks plainly--Should Silence Stand.

The council met last night in regular session, Mayor Yerler presiding, and Councilman Kirchoff, Dipp, Livingston and Carter absent. The session was comparatively brief, and about the only thing of interest done was that of awarding the contract for sewerage to Mr. Lynn White, of Chattanooga, and the discharge of the chain gang.

Clerk Cole read the minutes of the last meeting, which were approved.

Mr. Starks, of the finance committee, presented the following bills, which were allowed:

F. W. Sayers	.....	Regulation of police force
John C. Johnson	.....	City Engineer
John C. Johnson	.....	Oak Grove
John C. Johnson	.....	Electric Light Plant
John C. Johnson	.....	Police Department
John C. Johnson	.....	City Hospital
John C. Johnson	.....	Park Department
John C. Johnson	.....	Post Office
John C. Johnson	.....	Water Works
John C. Johnson	.....	Police Department

Tax Collector Katterjohn reported the collection of \$35,000, accompanied by the treasurer's receipt for that amount.

The bill of Jack Conlon & Co., for repairing the city sewer, amounting to \$225, was allowed.

The city weigher reported the collection of \$16,05, accompanied by the treasurer's receipt for that amount. The wharfmaster's report, showing collection of \$95 was read, received and filed.

After carefully reviewing all the evidence, your committee is unanimous in the opinion that Mr. Francis lacks some of the elements necessary in the make-up of a strictly competent overseer of the chain gang.

This may be attributable to his goodness of heart and undue leniency to the prisoners while at work. We are of the opinion that for the last two or three months prisoners have not been properly managed by him while at labor, and that the city's interests have suffered thereby. We find that an unusual number of prisoners have escaped within the last two months, several of them with shackles or ball and chain.

We would recommend that the further services of Mr. Francis as overseer of the chain gang be dispensed with.

We would further recommend that the order of the council which now requires all prisoners to be shackled or otherwise secured to the chain gang be rescinded.

Mr. Yerler, for new license at Seventh and Jackson, granted.

Fred Kamleiter to Henry Kamleiter, granted.

RELIEF COMMITTEE.

Mrs. B. Worthington and others, who petitioned for relief from over-assessment, were refused relief.

LICENSE COMMITTEE.

Jesse Polier applied for transfer of Tom Evets to Sam Goodman granted.

C. Mentzer, for new license at Seventh and Jackson, granted.

Fred Kamleiter to Henry Kamleiter, granted.

FIRE COMMITTEE.

Emery Voight resigned as runner for the fire department, and Joe Cook was appointed instead. His bond was ratified.

NEW BUSINESS.

Councilman Bell reported that the Island Creek bridge needed some attention. The matter was referred to the street committee with Councilman Rinckleff added.

Councilman Liebel called attention to a bad place in the street at Fourth and Ohio streets.

Also a place at Fourth and George.

The Mayor stated that he advertised for bids for the improvement of Yerler avenue. Mr. E. C. Venell offered to furnish gravel at 70 cents. The contract was ratified.

The defendants, it will be remembered, were sentenced for one year and fined \$450 each at the trial in April. The general opinion in Metropolis, according to a correspondent, is that they will go to the penitentiary.

YESTERDAY'S RACES.

Another Small Crowd Out to Witness Them.

The crowd at the races yesterday was smaller than on the first day.

Charlie Wells got the running race, Jesse having to go to the stables after the first two heats.

J. A. Wanda won the hippodrome race over Louis Wanda.

Jack Shin won the buggy race over Mr. W. A. Torrence.

The pace and free-for-all trot did not materialize, several entries having scratched.

Red Bird, Jr., won the consolation race.

THE POSEY CASE.

The Council Allowed \$800 Last Night to Pay Expenses.

The council allowed Mayor Yerler \$80 last night for secret police commissions. The Mayor is entitled to \$200 a year for special police work, and the amount allowed last night was to defray the expenses incurred recently in sending a man to Memphis to work up the case against Grant S. Wilson, colored, who was found dying from a knife wound inflicted at the cooper shop at Second and Washington streets a few weeks ago. Two men were arrested at Memphis, but the case became so complicated that it was abandoned, and the prisoners were released.

Possey is now believed to have been stabbed in Cairo and brought here, where he died.

#### Wrangled Over It All Morning and Deferred It This Afternoon.

Fiscal court came to a halt on the steam heating question this morning. It appears that the bone of contention is a bid sent in by Mr. Ed. Hannan, of the city.

Mr. Hannan represents a Chicago concern, and his bid did not arrive from Chicago until the day following the day of receiving proposals.

The other bids had then been opened, and the figures published in the paper, consequently the committee declined to receive Mr. Hannan's bid, which was lower than any of the others.

The court is now at loggerheads over the bid, and this morning voted on all bids, and rejected them, except that of the Front Ranch Company, of St. Louis. The vote on this stood four for acceptance and four for rejection, and thus it stood when court adjourned at noon.

After the forenoon wrangle, the magistrates went home to dinner and this afternoon met and postponed the heating question until tomorrow afternoon at 2 o'clock.

Nothing else was done in this court up to press time except the acceptance and payment for three bridges. Other bridges were being considered this afternoon at 2 o'clock.

SIR EDWIN ARNOLD.

#### More Fast Travelling This Season.

Following is an account of the free-for-all pace won by Sir Edwin Arnold at Columbus, Ohio, July 3, in which he defeated Lottie Lorraine, the champion pacing mare of the world. Sir Edwin also won the free-for-all at Lima, Ohio, in very fast time and the 2:10 pace at Napoleon, Ohio, very easily last week. They ship from Columbus to Detroit, Mich., and start in the free-for-all race next week.

A Columbus paper said of the race there: The free-for-all pace opened with Dan T and Sir Edwin Arnold favorites by choice at 4 to 2 each. Lottie Lorraine was apparently in bad form and lost out in this heat by breaking at the turn. Dan T secured good lead and held it to the end, finishing under a pull.

The second heat was a duplication of the first, with the exception that Dan T broke within fifty feet of the wire, pressed by Lottie Lorraine, yet recovered quickly and won by nearly a length.

The three succeeding heats were all taken in hand style by Sir Edwin Arnold, who suddenly shifted in the betting from 4 to 2 each, Arnold's strength was apparent throughout these heats, the others having run out at the start. At no time was his opposition dangerous.

Some of the best men in Paducah and Kentucky are interested in this company, which has not been effective in the last by the recent decision of the court of appeals.
